I just graduated with a B.S. in Biology and have an interview for a toxicology position. While attaining my B.S. I was engaged in a toxicology lab on campus. Part of my upcoming interview is a lab practicum. Does anyone have experience or advice on what to brush up on or what's going to be coming my way? 200. 9 comments.

SGLT2 inhibitors have been shown to offer potent renoprotection against diabetic kidney disease. But the mechanism for this effect has been unclear. Here, Tomita et al. report that the drugs promote elevation of ketone bodies, which subsequently inhibit mTORC1 in the proximal renal tubules, explaining their protective effects on this organ.
